## General notes

On joining the Study Circle, a new member will be given a version of this list showing contact details for the Study Circle's Librarian and the individual members of the Study Circle who are willing to lend the books shown as being in their personal collection.

### All borrowers are expected to -

- respect the Library's (or individual members') property at all times,
  - including ensuring the safe-keeping of the material whilst it is in their possession, and
  - using appropriate protective packaging when returning any borrowed items;
- pay postage in both directions for all items borrowed - where known, weights are given to assist borrowers in estimating the likely cost. [Note that mailings from David Quayle will be at Isle of Man Post Office (not Royal Mail) rates]; and
- return all borrowed material within a reasonable period of time - a loan period of one month is suggested as normally sufficient; anything longer or any required extension should be agreed with the lender but "permanent loans" are not supported.
